Section 1 - Introduction

This directory provides a list of ApexHealth's network providers.

This directory lists health care professionals (such as doctors, nurse practitioners, and physician assistants) and facilities (such as hospitals, clinics, and skilled nursing) that you may see as an ApexHealth member. We will refer to these groups as "network providers" within this directory.

This directory can be used to choose a personal doctor, known as a **Primary Care Physician (PCP)**. You will have to choose one of our network providers listed in this directory to be your **Primary Care Physician (PCP)**. Generally, you must get your health care services from your PCP. The role of your PCP is to provide routine, preventive and follow-up care, and to coordinate your care when you need to see a specialist for specific treatments or medical conditions. Generally, a PCP is a physician that specializes in Internal Medicine, Family Practice, Geriatric Medicine, or General Practice. Our plan recognizes advance practice providers, such as a nurse practitioner or a physician assistant, as PCPs. These providers are indicated in the directory with an asterisk (*). You can change your PCP for any reason, at any time. If you wish to change your PCP, please contact Concierge Services at 1-844-279-0508 (TTY: 711) 8 a.m. to 8 p.m., local time, seven days a week from October 1 through March 31, and 8 a.m. to 8 p.m., local time, Monday through Friday from April 1 through September 30.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory.

You must use network providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers, neither Medicare nor ApexHealth will be responsible for the costs.

What is the service area for ApexHealth?

The counties in our service area are listed below.

Our service area for ApexHealth (HMO) includes these counties in North Carolina:

Alexander, Alleghany, Anson, Ashe, Buncombe, Cabarrus, Catawba, Cleveland, Davidson, Davie, Forsyth, Gaston, Guilford, Henderson, Iredell, Lincoln, Madison, Mecklenburg, Montgomery, Polk, Randolph, Richmond, Rowan, Scotland, Stanly, Stokes, Surry, Union, Wilkes, and Yadkin.

Our service area for ApexHealth (HMO) includes these counties in South Carolina:

Chesterfield, Marlboro, and York.

How do you find ApexHealth providers that serve your area?

Providers within this directory are listed by specialty and in alphabetical order. This list includes Prietary Care Physicians (PCPs), Specialists, and Facilities. To find a provider, turn to the appropriate section in this directory. For example, to find a hospital in your area, locate the Hospitals section within the Table of Contents and turn to the beginning page indicated for the section.

You can search for a provider using our online Provider Directory search tool. To search for a provider online, visit our website at www.apexhealth.com/find-doctors/.

If you have any questions about locating a network provider, please call our Concierge Services at 1-844-279-0508 (TTY: 711). You can also visit www.apexhealth.com.

What if you need emergency or urgent care?

If you have a medical emergency, call 911 for help, or go to the nearest emergency room or hospital. You should always try to obtain urgently needed services from network providers. However, you may see out-of-network providers for these services if network providers are temporarily unavailable or inaccessible, including if you are out of our service area. For more information, please see Chapter 3 Section 3 of your Evidence of Coverage (EOC).

What if you receive a bill?

If you receive a bill from a provider, please contact us at 1-844-279-0508 (TTY: 711). Except for emergency or urgently needed medical care, you must use network providers and may be responsible to pay an out-of-network provider for services you receive. Please see Chapter 7 Section 1 of your Evidence of Coverage (EOC) for additional details.
